

## Specialist Membership

MHCM offers a membership for specialists and therapists who work with young children and their families so that they may visit the museum with clients as part of their care.

**A copy of your current specialist license is required for purchase of this membership card.** The membership is valid for one year, and includes unlimited FREE admission for one therapist and one client family per visit (2 adults and all children under 18 in the same client household). The card may not be used as a personal family membership for the specialist's own family, and cannot be used to offset admission for birthday parties or group visits. No additional benefits or discounts are included beyond free admission for you and your client families.

To purchase a Specialist Membership, please complete the below application, and send it, with a copy of your current license and payment to the *Mid-Hudson Children's Museum at 75 North Water Street, Poughkeepsie, NY 12601*. **Please allow 2-3 weeks to process your application.** Thank you!
